

## Philips Lighting

---

February 22, 2017

Dear customer,

Due to a refocus of our Special Lighting product portfolio, we would like to inform you that we will stop with the production of all Entertainment Halogen lamps, apart from PAR 56 and PAR 64 portfolio.

You can find the portfolio concerned in Annex I.

As a result, you can place a last time order for any of the lamps mentioned in Annex I before April 1, 2017. Orders placed before this date will be accepted and delivered. Orders received on or after April 1, 2017 might be accepted, depending on the available capacity left. Our local key account manager will be your support in this transition and help you with the last time order.

Note that Philips Special Lighting Entertainment will remain active in the Platinum and HID (MSR/MSD) portfolio as well as previously mentioned PAR 56 and 64.

We would like to take this opportunity to thank you for your continued business, cooperation and confidence that you have placed in Philips. It is a pleasure to serve you as our valued customer and stay your partner for the remainder of our entertainment portfolio.

With kind regards,

Ad van den Brandt  
Global Director of Product Management Entertainment
